(Google it and you should be fine. In any case, if you start at the Cathedral and follow the indications on the sidewalk, you are just a very short walk to the albergue. If you reach the town by bus, it is located two minutes away from the bus terminal. Walk out of the terminal, go straight to your left, turn left at the first street and left again at the first street. The albergue is to the left of the staircase.

They will provide you with a bed for 5 euros and will also set you up with a credential for 1 euros.)
